

SUMMER BREAK HOMEWORK

CLASS III

Dear parents,

Warm greetings !

We are enjoying taking care of your precious children. For the two next months, you,their natural guardian will spend the vacation with them. Let's share some tips to make this period a fruitful and happy period for them.

- Have at least two meals together with your children. Teach them the importance of the farmers and tell them to not to waste the food.
- Let them wash their dishes after the meal. Children learn the dignity of labour from such activities.
- Allow them to help you in cooking.
- Share stories of your childhood and your family history.
- Visit the grandparents and let your child bond with them. Their love and support is very important for your child. Click snaps with them.
- Allow your child to play outdoors,get hurt and dirty. Its okay for them to fall down and experience pain once in a while. Comfortable life within the sofa will make your child lazy.
- Keep your children away from the mobile phones,gadgets, television, computers and other electronic gadgets, they have their whole life for that.

❖ **AS PARENTS, IT IS IMPORTANT TO INVEST YOUR TIME WITH THEM NOW.**
