I sometimes think I am very lucky to get you as without you life would have been very boring .I still remember the first day of school when we were young, you called me and gave a seat besides you. It's now almost 15 years and our relationship have grown in past years. I would like to thank you for being there for me for the ups and downs of my life.</p> <p>Last year you supported a lot to me and my family. I don't know what I would have done without you then. You were more helpful than my relative's .I can never forget how you stayed back in the hospital late night just to support me and my mother.</p> <p>I cherish every moment of life we spent together. Though you are away from me I still feel that you are close to me. How are your studies going? Last time when you wrote you seemed little worried about the portions. I know you will easily pass your engineering also with flying colors.</p> <p>When are you next holidays? I am eagerly waiting to meet you and spend some good time together. I would like to thank you for being my friend and being there for me.</p> <p>With best wishes,</p>

		Truly yours, Your Name
